

The Met Campus Pub Bookings

Booking Process

Toronto Metropolitan University students can book The Met Campus Pub to host events for student groups, classes, or independently. To book the venue, you must complete the booking form. If you contact our Event Coordinator before filling out the form, you will be redirected to do so.

Once we have all your event details, we will work with you to find the best space for your event and assess all your needs. You will then receive a contract that includes all the details discussed with the Event Coordinator. If your event details change, you must contact your Event Coordinator. **Requests that have not been approved by the Event Coordinator will not be accommodated.**

Minimum Spend

The minimum spend does not apply to pub nights. Please see the pub night section for more details.

All of our spaces are free to book for students, however, there is a minimum spend that must be met when using our spaces. **We are a restaurant not a room booking service.** If you are looking to only book a room, please see our bookable conference spaces.

The minimum spend is as follows:

- Main Pub Room - \$90/hour
- Lounge Room - \$90/hour *Pool table included
- The Den - \$75/hour
- Lounge Room & The Den - \$110/hour *Pool table included

All prices are subject to tax and an 18% gratuity. The minimum spend may be reached by pre-ordering food and/or drinks or having guests order individually. If the minimum spend is not reached, your group will be invoiced the remaining amount.
